Smooth and Silky UV protection capsule made from silk

*Strength against UV
and
Warmth toward skin*

*Wrapping UV absorbers up
with **Silky veil** ,
getting **more safe and comfortable** to skin.*

Future generation UV protection material encapsulated by Silk component.

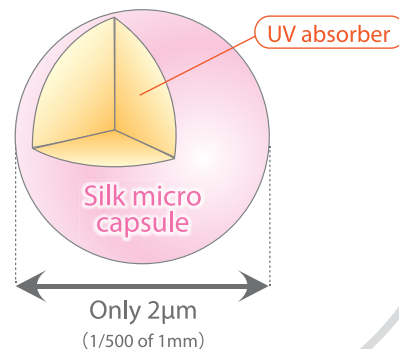

The world's first technology

Developed a new capsulation technology
by Silk component*.

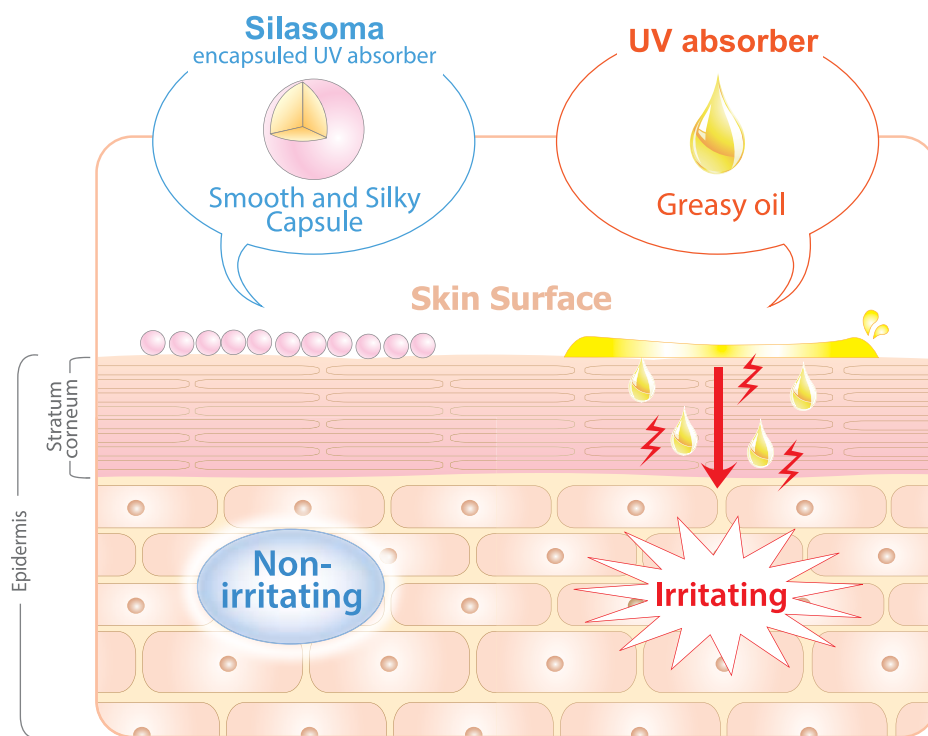

This technology becomes
a new world standard
as UV protection material!

*SEIWA patent technology

Structure of Silasoma

Let's be free from stresses with Silasoma !

Organic UV absorber, which causes greasy and irritating to skin, is encapsulated by silk component. This protects sensitive skin from UV sufficiently with silky and smooth usability. Furthermore, special cleansing does not be needed to remove UV protection cosmetics containing Silasoma from skin.
